Energy Industry Committee of the China Institute for Innovation & Development Strategy  
Shixin International Exhibition Group Co.,Ltd

# Global Scale & Industry Leadership

## Why Attend?

As one of the world's most influential international trade events in the coal industry, the 2026 Global Coal Industry Expo capitalizes on Shanghai's strategic advantage as a global trade hub, establishing a premier platform that spans the full industry supply chain and bridges domestic and international markets — backed by unrivaled scale and resources to drive meaningful business connections:

### 40,000+m<sup>2</sup>

Over **40,000+m<sup>2</sup>** of exhibition space, uniting core industry resources from **50+** countries and regions

### 100,000+

**100,000+** targeted professional visitors from home and abroad, enabling efficient buyer-seller connections and strategic partnerships

### 10+

**10+** high-level forums and **8** themed exhibition zones

### 1,000+

**1,000+** leading industry companies and quality exhibitors showcasing cutting-edge technology and equipment

**A one-stop platform connecting the world's core coal industry capacity, technology, and trade resources—helping businesses seize international energy trade opportunities and accelerate industry upgrades.**

# Key Highlights & Business Opportunities

## What to Explore?

This year's expo focuses on core industry needs across four value pillars, delivering tangible results for procurement, partnerships, knowledge, and market expansion:

### Global Collaboration Network

Connecting with the core needs of domestic and international energy markets, this platform bridges coal trade and capacity cooperation across **50+** countries and regions. It facilitates cross-border capacity collaboration, investment matchmaking, and technology exchange—breaking down geographic barriers and expanding global partnership opportunities.

### Full-Chain Procurement Platform

Eight specialized pavilions precisely cover every segment of the coal industry supply chain—including green mining, intelligent equipment, clean and efficient utilization, digital mines, and logistics. Visitors can conduct one-stop procurement, reduce multi-vendor sourcing costs, and identify premium suppliers and key products efficiently.

### Expert Industry Insights

Multiple international high-level summits and technical forums are held concurrently, bringing together global industry leaders, authoritative experts, and executives from leading enterprises. Topics include in-depth policy interpretation, frontier technology analysis, and trend forecasting—providing professional guidance for corporate strategy and transformation.

### Strategic Business Matchmaking

A dedicated Global Coal Equipment Supply-Demand Networking Session, supported by a professional matchmaking team, pre-screens supply and demand requirements to facilitate targeted one-on-one negotiations on-site. This streamlines partnership timelines and maximizes deal conversion rates.

# 8 Specialized Pavilions & End-to-End Solutions

## What to Gain?

Each of the eight thematic pavilions addresses critical pain points in its coal industry segment, delivering one-stop, full-chain solutions precisely tailored to the needs of buyers and professional visitors:

## International Cooperation Pavilion

Led by Guest-of-honor nations, this pavilion focuses on cross-border coal trade, international capacity cooperation, and overseas investment policy—offering direct access to global energy cooperation resources.

---

## Coal City Pavilion

Showcasing benchmark cases of green transition in energy-reliant cities, highlighting investment opportunities in city-level coal industry projects, infrastructure development, and industrial upgrades.

---

## Science and Technology Innovation Pavilion

Gathering the latest global coal industry innovations, with annual disruptive technology launches and new product premieres to help companies build core technological advantages.

---

## Coal Mining Pavilion

Comprehensive display of full-chain intelligent mining, tunneling, and transportation equipment—providing integrated, high-efficiency production solutions to boost mine operational performance.

---

## Coal Transport Pavilion

A comprehensive global coal supply chain services platform connecting ports, logistics, import/export channels—reducing industry circulation and transportation costs.

---

## Digital Coal Pavilion

---

Focusing on unmanned and intelligent mine construction, showcasing innovative applications of information technology, automation, and mechanization in mining to drive digital transformation.

## Clean Utilisation Pavilion

---

Presenting green technology achievements in coal washing, fine chemical processing, and low-carbon emissions reduction—aligned with dual carbon goals and supporting the industry's green and efficient upgrade.

## Integrated Services Pavilion

---

Bringing together full-lifecycle service providers—R&D, exploration, testing, insurance, investment & financing, and legal consulting—for comprehensive one-stop industry support.

# Global Industry Leaders & Key Exhibitors

## Who Will You Meet?

The expo brings together leading domestic and international coal industry enterprises, specialized innovators, and quality suppliers across the entire value chain—including equipment manufacturing, technology R&D, trade & logistics, and investment services. Meet industry giants face-to-face, finalize your best annual procurement agreements, and establish long-term strategic partnerships.

## International Industry Associations & Supporting Institutions

Indonesian Coal Mining Association

Mongolian Coal Association

Pakistan Coal Association

Coal Producers Association of India (CPA)

Polish Investment & Trade Agency PFR Group

Chamber of Commerce  
and Industry of Uzbekistan, CCI

Austmine

— stay tuned for the latest additions.

# Cutting-Edge Equipment & Production Efficiency

Ready to Supercharge Your Production? \_\_\_\_\_

The expo assembles the latest innovations and core technologies across all categories of global mining equipment—covering key machinery for the entire mining process. It delivers a one-stop solution to address low productivity, insufficient intelligent automation, and high energy consumption in the industry, helping companies rapidly upgrade capacity and reduce costs.

## Featured Equipment Categories

- Complete intelligent mining equipment systems
- High-efficiency underground tunneling equipment
- Core underground mining machinery
- Mining electromechanical and power systems
- Mine-specific materials, tools, and processing equipment
- Mine safety protection and monitoring devices

# Year-Round Business Matchmaking & Procurement

Why It Delivers Real Results

---

Breaking the traditional 'exhibition-only' matchmaking model, this service leverages the GCI Energy Expo Series' full-cycle business matchmaking system—built on years of deep expertise in the coal industry.

Supply and demand requirements from domestic and international buyers and suppliers are pre-screened before the event, enabling precise matching services 365 days a year: pre-event engagement, efficient on-site negotiations, and post-event follow-up.

This maximizes partnership conversion rates and ensures smooth deal execution.

# Proven Results from Past Events

---

**RMB 29.117 billion**

2025 China Guizhou International Energy Industry Expo: Total signed value for strategic cooperation and equipment procurement reached RMB 29.117 billion

**RMB 29.118 billion**

The 19th Ordos International Coal and Energy Industry Expo: Intended signing value reached RMB 29.118 billion

**RMB 30.155 billion**

The 19th Yulin International Coal and High-end Energy Chemical Industry Expo: 40 coal purchase & sales contracts signed, totaling RMB 27.65 billion in sales; 54 investment projects signed, attracting RMB 30.155 billion in capital

# Concurrent Events & Industry Insights

In addition to the core exhibition and business matchmaking activities, a series of high-level industry events will be held concurrently, gathering global industry elites to discuss market trends and explore collaboration opportunities:

What's on the Agenda? \_\_\_\_\_

**2026 Opening Ceremony of the World Coal Industry Expo**

**2026 World Coal Science and Technology Innovation Conference**

**Global Coal Import & Export Conference**

**Global Coal Summit**

**"Belt and Road" Coal Industry Cooperation Forum**

## Side Events

Global Coal Equipment Supply and Demand Exchange Meeting

New Technology Product Global Launch Event

Overseas Country-Specific Matchmaking Sessions

Corporate Brand Promotion Sessions

# Backed by Industry Authorities

## Who's Behind This Event?

---

The World Coal Industry Expo is strongly supported by official bodies and authoritative industry associations from multiple countries worldwide. This multi-party collaboration ensures the event's professionalism, credibility, and effectiveness as a global coal industry trade platform.

# International Partners & Supporting Organizations

---

**Indonesian Coal  
Mining Association**

---

**Mongolian Coal  
Association**

---

**Pakistan Coal  
Association**

---

**Coal Producers  
Association of India (CPA)**

---

**Polish Investment &  
Trade Agency PFR Group**

---

**Chamber of Commerce and  
Industry of Uzbekistan, CCI**

---

**Austmine**

---

# Domestic Industry Associations

**Inner Mongolia  
Coal Industry Association**

**Shanxi Coal Society**

**Shaanxi Coal Industry  
Association**

**Guizhou Coal Society**

**Ningxia Coal Society**

**Henan Coal Society**

**Sichuan Coal Industry  
Association**

**Guangxi Coal Industry  
Association**

**Liaoning Energy Research  
Association**

**Ordos Coal Association**

**Heze Coal Industry  
Association**

# YEAR-ROUND OPPORTUNITIES

## Shixin International Exhibition Group Energy Series Exhibition

Capture Opportunities Across the Entire Value Chain

Leveraging a coordinated network of four core energy expos—Indonesia, Ordos, Guizhou, and Yulin—this series covers China's key coal-producing regions and major overseas markets, creating a year-round global coal industry cooperation platform that efficiently connects domestic and international supply and demand:

---

**Indonesia Coal and Energy Expo**  
**2026 Indonesia-China Coal & Energy Conference**  
Jakarta International Exhibition Center

2026

**MAY 11-13**

---

**The 6th China Guizhou International  
Energy Industry Expo**

2026

Guiyang International Conference  
& Exhibition Center

**MAY 18-20**

---

**The 20th Ordos International Coal and  
Energy Industry Expo**

2026

Dongsheng District National  
Fitness Activity Center

**MAY 28-30**

---

**The 20th Yulin International Coal and  
High-end Energy Chemical Industry Expo**

2026

Yulin Convention & Exhibition Center

**SEPTEMBER**

**13-15**

---
